

CHILLER APP INSTALLATION

STEP 1. Download the Tuya App using the QR code.

STEP 2. Please make sure your smartphone is connected to the WIFI-2.4G only and its Bluetooth is on. Also please make sure your smartphone and ice-bath machine are in an same area covered by the same WIFI-2.4 before setting up the app.

IMPORTANT: This chiller doesn't work under WIFI-5G.

Point the camera on your smartphone direct to the QR code above. Once a link appears on your screen click on it.
You will be direct to the Tuya's website. Click on **DOWNLOAD**. The system then will request to install the app.

Smartphone configuration

Turn Bluetooth ON

Make sure Wi-Fi is ON
